$264,000 Fund Is Requested For Projects In New Year

$7000 Item Included For Woodside Road Improvement

PROJECTS TOLD

Pope Street Bridge Sum of $4,000 Is Listed

San Mateo county's proposed road department budget tentatively calls for total expenditures of $264,013 during the fiscal year of 1934-35, it was revealed last night by County Engineer James S. James at a meeting of the First Township Advisory Council at South San Francisco. The figure last year was $245,610.

The budget is expected to be presented to the county board of supervisors at its Monday meeting.

It will suggest the allowance of the following main items:

Maintenance, $60,000.
Maintenance betterment, $100,000.
Capital outlay on relief work, $25,000.
Rights of way, $15,000.
County's share of Woodside road culverts, $7000.
Pope street bridge, $4000.
Replacement of wooden bridge structures, $22,300.
Completion of CWA road projects, $30,000.

Other Projects Sought

Because only two of the projects in the First Township council's program were included in the budget as told to them by James, the organization last night launched a campaign to receive immediate action on the balance of its recommendations. Eleven specific projects in all in the north end were included in the tentative budget.

Robert A. Klassen, secretary of the council, was empowered to make a formal protest to the state highway commission against the 13 per cent proposed grade at the intersection of Hillside boulevard and Mission street.

A committee was authorized to seek state, district and county funds for the construction of an underpass at the Lawndale intersection of the Junipero Serra boulevard to prevent blocking of high-speed traffic by funeral corteges there.

Another committee was named to study Brisbane's request that streets there be made safe and passable.

The advisory council also pointed to the emergency situation which may wreck the $150,000 federal investment in the Colma creek drainage channel. Klassen said that in its incomplete state the channel may be washed out by the first heavy rain. The council will seek its completion before next winter.

Treadless Tires Warning Signal To Car Drivers

Treadless tires that are worn to the danger line, making them susceptible to sudden blowouts, punctures and deflations from cuts should be a warning signal to motorists in summer.

In the opinion of Walter Lynch, local goodyear dealer, figures on accidents last year show that of the cars involved, a major proportion had barly worn tires which likely accounted for a lot of the difficulties.

"This is why," he said, "without being considered an alarmist, I believe it is good sound safety policy for car owners to take the step of making their cars safe from the tire stand point as well as to have good brakes, good lights and to drive carefully.

"We offer a free insepction that puts the motorist under no obligation to trade with us because we are, as tire experts, interested in the business of safer driving."

Information Filed In Coastside Cases

Informations in two Half Moon Bay cases involving felony charges were on file today with the superior court by Deputy District Attorney Harold Anderson.

Alfred Capote is charged with assault with a deadly weapon for allegedly stabbing his brother-in-law, Harry Harrison. Romero Cubarrulas is accused of drunken driving. Both were held to answer by Justice of the Peace Manuel Bettencourt.

$13,559 Cut in Expenditures Proposed in New City Budget

Calling for a decrease in expenditures of $13,559.11 and a tentative tax rate reduction of 5 cents per $100, the first draft of a proposed budget for 1934-35 was submi ted to the council Monday night by City Manager E. A. Rolison.

Anticipated budget requirements total $168,772.24, of which $119,235.69 would be raised by taxes, $12,383.35 would come from savings effected and excess revenues derived during the current fiscal year, and $37,153.20 would be provided from miscellaneous revenues.

The tentative tax rate as set in the city manager's budget is $1.05, instead of $1.10, the current rate.

The budget of $168,772.24 for 1934-35 compares with the current budget of $182,231.35, the difference of which is a reduction of $13,559.11.

The $2150 for the Woodside road culvert project, a sum which the council has agreed to supply to match a like amount coming from the county, is the only project of a relief nature.

This sum, in the only action taken by the council last night on the budget, was increased to $7,000 upon the plea of Councilman Robert Jones.

Jones said San Mateo county would probably give a similar amount, so that for $14,000 for materials and labor to come from SERA, a $60,000 project on the Woodside road could be achieved at great savings.

Councilman Evans Fletcher favored increasing the item because of the great danger to school children using the Woodside road.

Upon motion of Councilman George McNulty, seconded by Councilman Fletcher, the board tentatively agreed to place this sum in the budget and efforts to get the county to match it will be made by Councilman Jones, Councilman James Eva and others.

Reduced Salaries Retained

Reduced salary schedules which have prevailed for the past two years are retained and the budget provides for the usual standard of service which has been rendered to the taxpayers. Any reduction of this service was left up to the council as a matter of policy.

"An honest effort has been made to bring about reductions wherever possible without interfering with the character of service to which the public has been accustomed," City Manager Rolison said in transmitting the budget.

The cash surplus of $12,383.35 is achieved "regardless of the fact that many expenditures have been made during the current year that were not anticipated at the time the budget was adopted," Rolison informed the board.

Rolison left up to the council's judgment the question of whether or not some allowance for materials should be made on relief projects to be undertaken under the SERA program of the state.

"It would seem wise for the city to provide at least a limited sum for materials for such projects of a permanent nature as may be undertaken as a relief measure," he said.

In the budget Rolison included a table showing the trend of the tax rate for the past six-year period, 1928-29 to 1934-35 inclusive.

Trend Is Downward

The table shows reduction in the total tax rate from $1.40 in 1928-29 to the proposed rate of $1.05 in 1934-35, a decrease of 35 cents for the period.

Chief Collins' Wife Succumbs After Illness

Following a month's illness, Mrs. Anna H. Collins, wife of Chief of Police C. L. Collins, passed away early on Monday at the Mills Memorial Hospital. She was a native of Fresno, and had resided in this city for the past 23 years.

Besides her husband, she is survived by a son, Clement F. Collins; a daughter. Alleen Collins; a sister, Mrs. V. Cuyala of Fresno; and two brothers, John Labarthe of San Francisco, and Jean P. Labarthe of Fellows, Calif.

She was a member of Bonita Parlor No. 10, Native Daughters of the Golden est; Robinhood Circle, No. 517, Neighbors of Woodcraft; and General George S. Evans Corps, No. 36, Woman's Relief Corps.

DRASTIC TAX CUT DANGERS POINTED OUT

Because of the belief that "there is no greater extravagance than saving at the cost of safety or efficiency," Mayor Charles G. Lambert in a plea to the city council last night urged that the city "never reduce taxes to the point of insufficient funds for proper governmental purposes nor wages to the point of incompetent employees."

Mayor Lambert expressed the opinion that it will be possible to find ways of continuing the program of consistent tax reduction and also that salaries may be further reduced beyond the present levels.

"We have greater responsibilities than we have had in former years," Mayor Lambert said, "for while we must save money, there is no greater extravagance than saving at the cost of safety or efficiency.

"Economy in dollars is important, but we cannot save dollars at the expense of public health, public safety, public education nor even public recreation. We must, in a great measure, provide facilities for wise use of the enforced leisure due to economic conditions.

"Playgrounds, swimming pools, libraries must function more fully than ever before, for there are more people to use them. To curtail a constructive program of service of such facilities would be tragic; to enlarge them imperative, if at all possible."

COUNCIL ACTS TO REPLACE OLDER WELLS

Drilling of two new wells at the Chestnut street pumping plant to replace two which have caved in through long use was authorized by the city council last night at the request of City Manager E. A. Rolison. The cost is placed at $3193.40.

Normal capacity of the two wells has been reduced from 400,000 gallons per day to 100,000. This has reduced the city's supply from 1,400,000 gallons daily to 1,250,000, Rolison said. The demand at peak is 2,000,000 gallons. Were it not for the city's recently completed reservoirs, buying of San Francisco water would now have been necessary, Rolison said.

Saving of from $50 to $60 per day is anticipated in the plan. The council, upon motion of Councilman Paul McCarthy, seconded by Councilman George McNulty, authorized the manager to proceed.

Firemen's First Aid Team Wins Praise

The Redwood City Fire Department's first aid team, which brought back a silver loving cup from Los Angeles recently, was highly praised in a letter received by the council last night from B. F. McDonald, of Los Angeles, director of the California Industrial First Aid Contest.

"We never had the pleasure of having a finer team appear than the Redwood City group," he said.

Two Are Arrested For Shooting Birds

SAN MATEO, June 4.—Reports of shooting in the vicinity of Hobart and Upas avenues today resulted in the arrest of two men on charges of shooting blackbirds.

They are J. B. Fiori, 510 Hobart avenue, and John Gerard, San Francisco. Their guns were confiscated and they were ordered to appear before Chief of Police Thomas Burke this afternoon.

Tells Reasons For Opposing Salary Slash

Questioning the propriety of a proposal which offers the city attorney a salary $25 under that paid to the city poundmaster, City Attorney Albert Mansfield, who has held the office for the past 26 years, today cited the duties of the office to show that $100 per month is inadequate.

Mansfield offered no objection to a reduction in salary but asked that he be treated the same as the heads of other departments.

"If it is going to be the policy of the council to retrench by a partial reduction of salaries, I am of course willing to get the same treatment as the other heads of departments," he said.

Duties of the city attorney as set forth by the charter and cited by Mansfield, are that the attorney shall be the legal advisor of the council and all city officials; he shall draft all ordinances, resolutions, contracts and other legal documents; must attend all meetings of the city council and planning commission; to prosecute or defend all suits in which the city is interested; to defend city ordinances, and to act as prosecutor in the police court.

Mansfield said the $250 salary is "in full" for all services, while in San Mateo or Burlingame it is possible for the city attorneys to receive extra compensation for services, especially in matters of litigation. Neither the San Mateo nor Burlingame city attorney acts as prosecutor in the city police courts, Mansfield said.

Two Boys, Woman Hurt in Local Auto Crash

Two children and a woman were injured at about 9 o'clock Tuesday in an automobile collision at the intersection of Broadway and Walnut street.

Delbert Lawrence, 12, son of Mrs. Uriel Lawrence of 308 Eighth avenue, North Fair Oaks, nearly suffered the loss of an ear, which was severely cut. Mrs. Lawrence incurred a leg laceration, and Richard Farrell, 2, son of Mr. and Mrs. Ray Farrell of 511 Alden street was cut about the forehead and cheek.

Mrs. Lawrence was driving one car and Farrell the other when the collision occurred. Mrs. Farrell and another son, Albert, 4, and Elwayne Lawrence, 13, were unhurt in the accident.

State Undertakes Survey of Road Along Coast

Assemblyman Frederick Peterson of Burlingame today received word from Earl Lee Kelly, state director of public works, that Col. John H. Skeggs, division engineer, has been authorized to proceed with a survey of the Ocean Shore highway in San Mateo county.

The preparation of plans for the section from Rockaway Beach to Montara has been ordered, Kelly informed Peterson. This is the first move by the state on the proposed coast highway.

Redwood Theatre Installs New Ventilating Equipment

With the installation of a new ventilating system completed, the Redwood Theatre becomes one of the most modern theatres in the country. Originally designed with the latest inventions and most up-to-the-minute accomodations, the Redwood was modernistic in almost every detail.

The new ventilating system is Sherco Western Blower Equipment and is the last word in automatically controlled ventilation. Clean, pure, fresh air is changed in the theatre every three minutes. At the same time the temperature is kept just right. The theatre is cool in summer and warm in winter.

Playing for two days starting Friday at the Redwood will be William Powell in the mystery thriller, "Private Detective," and John Wayne in "Haunted Gold." Charlie Chase comedy is an added attraction.

Sunday and Monday brings Marie Dressler and Lionel Barrymore co-starred in "Her Sweetheart," with Jackie Cooper in "When a Feller Needs a Friend" also on the program.

FALSE ALARM GIVEN

The Redwood City Fire Department was called out on a false alarm at 8:55 o'clock last night from Box 341 at Redwood Avenue and Addison street.

CITY COUNCIL DEBATES 'NEW DEAL' PROPOSALS

After unanimously agreeing to delete a clause which questions the adaptation of the city manager form of government to Redwood City, and voting to split the proposed "new deal" resolution into five parts, the city council Monday night debated office consolidations and salary reductions until midnight.

At the end of the debate, the status of the five proposals was as follows:

1. Consolidation of the offices of City Manager E. A. Rolison, City Engineer C. L. Dimmitt and City Building and Health Inspector I. C. Drathman was referred to City Attorney Albert Mansfield for a legal ruling.

2. Ultimate elimination of City Assessor and Tax Collector Nelle Miramontes' bureau by turning over the duties to the county was referred to the citizens' committee on constructive economy for study and report.

3. Reduction of the salary of City Attorney Albert Mansfield from $250 per month to $150 was deferred for two weeks pending the study of a report defending the present salary which Mansfield submitted for consideration.

4. Reduction of the salary of City Clerk and Treasurer B. E. Myers from $225 to $175 per month was rejected.

5. Reductions of salaries of other administrative heads of the city was deferred until the next meeting because of the late hour.

Councilman Paul McCarthy, one of the charter freeholders, said he believed the council would be going beyond its province to adopt the clause questioning the adaptation of the city manager form of government here.

He pointed out that the citizens voted 9 to 1 on the manager form and that it was the duty of the council to provide the form of government called for by the charter.

Paragraph Is Deleted

The disputed paragraph as contained in the "new deal" resolution read:

"Whereas the existing governmental set-up, while perhaps designed to function efficiently in large municipalities, is, in many respects, ill-adapted to a city of limited population and the maintenance has placed upon the taxpayers an undue burden."

Councilman James Eva said it was not the intention of the "new deal" to criticise the governmental set-up, but the "workings" of it here. Councilman Fletcher Evans said he considered the expense of that form "too great at this time but that in time we could come back to it."

After debate, the council stood unanimously in accord that the paragraph should be stricken out.

Too Many Duties, View

Councilman McCarthy next questioned the proposed consolidations of the offices of city manager, city engineer and building and health inspector, holding that each of these officers now was "busy" and it would be physically impossible for any one person to perform all the duties of the several offices.

McCarthy said, in reviewing his notes made at the time he was on the charter writing board, that the freeholders never intended the office of city manager to be "cluttered up" with the duties of several other offices. This, he said, would make a "mere figurehead" of the city manager.

The councilman quoted an editorial of the Redwood City Tribune of December 22, 1928, which said this would be one of the dangers which would be confronted under the manager plan.

Would Provide Help

Councilman Fletcher said if the duties of the consolidated offices were too great that the manager could appoint assistants. He considered that the fees for building and plumbing inspections should be adequate to hire an assistant for this work.

Eva said the "new dealers" wish to have a medical man take over the duties of City Health Officer Drathman.

Fletcher objected to referring the question to City Attorney Mansfield for a ruling on the ground that he might be swayed in favor of the incumbent officers.

This irked Mansfield, who said that any opinion which he would give would be based solely on his best legal judgment.

Question of Cost

Whether or not it would be advisable to turn the tax collections over to the county would be based upon the savings which would accrue, the old and new councilmen agreed.

The "new deal" resolution estimated this saving at $7,000.

Councilman Robert Jones questioned how this could be achieved unless the county would do the collecting for nothing.

Councilman Louis Christiansen said the county would charge about $650 for the service.

The new budget provides $6,800 for this bureau. In order to determine exactly how much of this sum could be saved, the council, upon motion of Councilman Jones, seconded by Councilman George McNulty, referred the question to the citizens' advisory body.

Myers Held Efficient

Councilman Jones declared himself "ready to vote at once" on the question of reducing the salary of City Clerk and Treasurer Myers to $175. He held this salary inadequate for the amount of money Myers is called upon to handle, the responsibilities assumed and the ability required.

Councilman McCarthy said this was the same salary paid firemen and policemen who required neither the education nor held the responsibilities of the city treasurer.

Left to right, top row, are Dr. Frey, Ciella West and Jayne Summers. In the lower row are Dorothea Dempsey, Valetta Heslet and Ann Lowry.

Three Fatally Injured Under Automobiles;

Upper Emerald Lake Scene of Pool Tragedy

Three automobile accidents of identical type today had cost the lives of three persons in San Mateo county over the week-end, and a 15-year-old Mountain View boy was drowned Sunday while swimming in Upper Emeral Lake here.

In all three automobile tragedies the drivers, all of whom were alone, incurred their fatal injuries when their cars overturned. In none was collision with another machine involved.

The dead are:

Russell Ulrich Jr. 19, Stanford University freshman from Seattle.

Ritchie Goggin, 23, Sharp Park golf course caddy and brother of Willie Goggin, noted golf profressional.

Vladimir Konevega, 48, of 2705 Cole street, San Francisco.

Glenn Roberts, 15, of 250 Palo Alto avenue, Mountain View, whose body was recovered today from Upper Emerald Lake.

Ulrich died at the Palo Alto Hospital shortly after his roadster overturned on the Bayshore highway near University avenue early yesterday afternoon. He is reported to have made a sudden turn just before the accident.

Realty Man's Son

Young Ulrich is the son of a Seattle realty investment man and besides his parents is survived by a brother and a sister. He was a member of the staff of the Stanford Daily. The youth graduated a year ago from Queen Anne High School at Seattle.

Goggin, a budding golf star as a protege of his famous brother, was found pinned under his car early yesterday on Skyline boulevard less than 300 yards from Sharp's Park, where he was to report for work as a caddy at 6 a. m. The discovery of the wreck by Alfred Gringell, 168 Norfolk street, San Francisco, is believed to have been made only a few minutes after the accident, which occurred on a sharp turn.

Taken to the Villa Sanitarium at Colma, Goggin died there at 8 a. m. without regaining consciousness.

Konevega died at South San Francisco early this morning without regaining consciousness from injuries incurred when his automobile overturned on Foothill boulevard, South San Francisco, three days ago. Konevega was also found pinned under his car by Police Chief Louis Belloni of South San Francisco.

Seized With Cramps

The Roberts youth is believed to have drowned as the result of having been seized by cramps while swimming. He had plunged into the water with several other boys, when he called for help. Thinking the cry to be a joke, a friend nearby laughed. The boy sank before help could reach him when observers began to take his shouts seriously.

Young Roberts, the son of Mrs. Feen Roberts of Mountain View, had gone to the lake for an outing with Mrs. Charlotte Peak, 596 Pettis street, Mountain View, and her son, Steve.

Search for his body was continued throughout yesterday afternoon by sheriff's deputies, but it was not recovered until this morning by Undersheriff Lawrence Nieri and Ernest Werder. They located it on their first attempt with grappling hooks today. A Redwood City iFre Department inhalator was rushed to the lake yesterday to be of aid if the boy had been brought to the surface in time. His remains are at the Layng and Tinney Funeral Home.

Inquest into the Ulrich and Roberts deaths will be conducted by Coroner J. C. Mcovern tomorrow afternoon at the Layng and Tinney Funeral Home.

Title to Last Plot Of Famed Acres Is Quieted

Mrs. Guadaloupe Valencia, 91, "last of the Valencias," today had quieted title to the last plot of ground remaining of the once 25,000-acre holding of the famous early California family.

Superior Judge Franklin Swart granted her title to a piece of Millbrae property on which she has lived for many years. Her quiet title suit was against Glen Van Buskirk, administrator of the estates of her husband, E. Valencia, and her daughter, Celestina Valencia.

The estates of both were not probated for many years.

Two Divorce Suits Before Local Court

Two divorce complaints were filed with the San Mateo county superior court here today.

Constance May Evelyn Nance asked for a divorce from William Glenn Nance on the alleged ground of neglect. They were married in San Francisco in 1922 and separated on March 1, according to the suit filed by J. E. McCuray, San Mateo attorney.

Mrs. Rosa Mediti sued Mario Mediti on the ground of cruelty. The couple was wed in San Francisco in 1931 and separated on March 14, the complaint declares. Mrs. Mediti asks for the custody of their one child. Her attorney is Charles J. Gebhardt.

MUTUAL PACTS OPPOSED

Grass Blazes Twice Threaten Ranch Land

WOODSIDE, June 4.—Grass fires late Saturday twice threatened portions of the Ormondale ranch here, but no damage resulted from either. The first was at the rear of the Johnson place on the ranch at 5 p. m., and the second was a roadside blaze a half mile away at 8 p. m. Both were extinguished by the Woodside Fire Department.

Mrs. Annie C. Biggs' Will Placed on File

Will of Mrs. Annie C. Biggs of Burlingame, who died on May 28, was filed with the superior court by Alfred A. Van Hovenberg, San Leandro attorney, who is named executor.

Legatees are Frank C. Birch, a brother, and Mrs. Grace Birch, of Springfield, Pa., and Edmund Purdy of Burlingame.

The most sensitive of the five sense organs is the eye.

Freeholders Polled On Salary Question

Members of the board of freeholders that drew the San Mateo county charter were being polled today by James B. Howell, their chairman, for their opinions regarding the salaries of the offices of county clerk and controller.

Howell pointed out that it had been intended to set $4,000 as a minimum for these offices and that the salary ordinance might be amended to that figure now.

In one of the first replies W. H. Eddy of Burlingame declared that the $4000 salaries for these two offices in his opinion were "in line with good judgment" and also urged raising the district attorney's salary to $6,000 to attract "competent and courageous" men.

A strawberry is really the swollen, fleshy part of the flower axis, on which is embedded the small brown nuts, which are usually spoken of as seeds, but which are the actual fruits of the plant.

Legion Seeking Funds To Enter S. F. Float

County funds will be sought to finance a float to be entered by the San Mateo County Council of the American Legion in the state convention parade in San Francisco in August, it was announced today.

Good progress has been reported by Emmett Donnelly, Redwood City, chairman of disaster relief, in that activity. The test will be made between June 4 and July 2.

Fred Crumb and George Mann, who organized the drum and bugle corps, was given a vote of thanks. The corps will participate in the San Francisco parade. Stuart R. Ward of Belmont reported progress on securing adoption of the song, "Hail to You, Legion Men."

Her rest... and the convenience the Electric Range and Water Heater bring daily into her kitchen!

WHAT a real helpmate the modern electric range is to a busy housewife. The automatic time and temperature controls take charge of every cooking operation from roasts to broiled meats, from cake to bread baking. There is an end once and for all to watching, waiting, testing, basting and searing while the cooking is going on electrically. Hours each day are saved of hot and tiring kitchen work—a thousand hours and more each year.

Your home can afford electric cookery now. Why not enjoy it? Prices of the very finest electric range models have never been lower than today. And these fine electric ranges can be purchased on the easy payment plan.

At the same time for real economy a storage type electric water heater should be installed. You will be surprised to find out how little it will cost you to have the handy service of a never-failing and constant supply of hot water on tap at all times.

Come in and inspect the new low priced electric ranges and water heaters now on display. Or a phone call will bring a representative to your home with complete information.

YOU ARE HEREBY REQUIRED to appear in an action brought against you by the above-named plaintiff in the Superior Court of the State of California, in and for the County of San Mateo, and to answer the complaint filed therein within ten days (exclusive of the day of service) after the service on you of this summons, if served within said County of San Mateo; or if served elsewhere within thirty days.

And you are hereby notified that unless you appear and answer as above required, the said Plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract or will apply to the Court for other relief demanded in the complaint.

Witness my hand and the Seal of the Superior Court of the State of California, in and for the County of San Mateo, this 12th day of April, A. D. 1934.

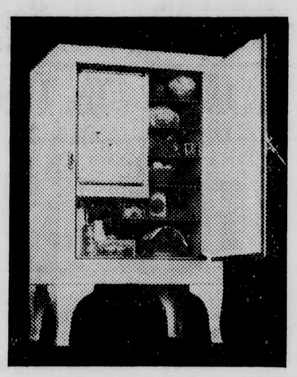
Beware of THIRSTY AIR



WHEN air is chilled, it loses its natural moisture. It becomes *thirsty* air..ready to suck moisture from anything it touches.

In an *ice* refrigerator, the chilled air quenches its thirst...not from your foods...but from the melting *ice*.

That's why *ice*, and only *ice*, supplies *non-drying* cold that preserves the delicate juices and natural freshness of your foods.

1934 ICE REFRIGERATORS bring you the finest refrigeration money can buy. Yet they cost less to buy and less to own than any mechanical substitute. Ask your *ice* man about the low prices and easy terms available on these beautiful new refrigerators that provide *lower temperatures* with *less ice*.

For safe cold . . . plus flavor protection . . use ICE
